

## Let us hear from you!

Dear members,

The NTSGNA officers and board members are planning the 14th Annual Round-up Conference this year. As you all are aware, the pandemic is starting to slow down. Because of that, we want your input on how we will provide you with educational activities that are safe for everyone.

We want to see you in person and hope that you share your experiences at this unprecedented time. We can't wait to be back in our "as usual" lives!

Please fill out the survey so we can move forward with the planning of our Annual Conference.

**We hope to hear from you soon!**

Sincerely,

NTSGNA Officers
