Happy
National
Nurses
Day 2022

"Nurses" we must practice self-love, self-care, self-honor and self-respect. In doing this, we nurture our mind, body and spirit in order to give the best care to our patients with uniquely different cultures, backgrounds and religions. As nurses we are often looked at as healers. I'm happy and grateful to be a nurse and to make a difference in patients' lives.
