

## Practice Your Right! Go Vote!

### Why vote?

1. Not voting is giving up your right and your voice.
2. Elections affect you, your city and state.
3. It's your money.
4. It's a chance to make a change.

Voting is a right that many American generations fought for. Vote for the people who lost their lives for equality, justice and our freedom. Our country depends on you. Go Vote!
